Finally we reach the top of indexation.

Acta Cirúrgica Brasileira was indexed step by step:

1. 1987. INDEX MEDICUS LATINO AMERICANO – LILACS
2. 1997. Scientific Electronic Library Online – SciELO - www.scielo.br/acb
3. 2005, MEDLINE/PUBMED and EMBASE
4. 2007. SCOPUS
5. 2007, **Science Citation Index Expanded (SCIE).**

Now, we look forward to increase the impact factor of the journal.
