The list of reviewers who voluntarily dedicated part of their time to review submissions for Revista Ambiente & Água's Volume 15, 2020 is presented in Table 1. This list includes manuscripts that were accepted and published in one of the six annual issues and also manuscripts submitted and rejected up to November 01, 2020. It may therefore include the names of reviewers that completed their evaluations between December, 2019 and November, 2020.

We are deeply indebted to all of them that voluntarily and anonymously devoted part of their time to support our journal and delivered an immense contribution to the quality of the published papers. We gratefully acknowledge their professional work and outstanding product.
