

CLASSIFICATION OF RBF BY AREAS

The Brazilian Fruitculture Magazine (RBF), established in 1978 to be a vehicle of technical scientific dissemination of the SBF (Brazilian Society of Tropical Fruits), is a magazine that publishes articles on all links in the productive chain of the modern fruitculture, which is why it is classified into several areas in the CAPES QUALIS in 2012.

Brazilian Magazine of Fruitculture (Printed)	C	SOCIOLOGY
Brazilian Magazine of Fruitculture (Printed)	B2	EDUCATION
Brazilian Magazine of Fruitculture (Printed)	B1	GEOSCIENCES

We take this opportunity to thank the wonderful team of helpers that we could bring together since 1998 where we have the privilege to collaborate with this magazine, and we are confident that in 2013 we will be conquering others 'A' in other areas.

Jaboticabal, September 30, 2013.

Carlos Ruggiero
Chief Editor
