RETRACTION

The editorial board of Revista Ceres communicates the formal publication of the Retraction for extracting the article:

Cunha EG, Guidinelle RB, Rangel OJP & Passos RR (2022) Biochar and swine wastewater: Effects on soil fertility of different textures and corn nutrition. *Revista Ceres*, 69(1):102-112. <https://doi.org/10.1590/0034-737X202269010013>

This article is being retracted because it has been published in a previous edition of Revista Ceres:

Cunha EG, Guidinelle RB, Rangel OJP & Passos RR (2021) Biochar and swine wastewater: Effects on soil fertility of different textures and corn nutrition. *Ceres Magazine*, 68(6):586-596. <https://doi.org/10.1590/0034-737X202168060011>
